Behavior Reflection

Copy the following paragraph onto a separate sheet of paper.

Today, _____, (write date) I, _____ , (write your name) chose to (write 1-2 sentences why you are writing this reflection):

My behavior in class was disruptive to the educational process. My behavior is a choice that I make. I am responsible for all of my actions. When I behave this way, I make it difficult for other students to learn and I make it difficult to learn for myself. School is very important to my success and the success of others. I don't have the right to take this opportunity away from anyone else with disruptive classroom behavior. From now on, I will do everything I can to create a classroom environment that is conducive to learning. I understand that I will have to copy this paragraph again if I make another choice that disrupts the educational process. I will strive to make good choices that will benefit me and the people around me.
